**Subject:** Yo', fellas!

Hey there, IIG,

Remember me? I'm the guy who defeated CFI-West/IIG, Randi, Shermer (and anyone else who even tried) in the challenge to duplicate just one of Meier's photos and one of his films.

Well, get ready for some summer fun cause you guys are gonna have a really swell time trying to explain/debunk/duplicate this:

<http://www.theyfly.com/newsflash2/newsflash2.htm>

Now remember, derisive comments, snide remarks and snickering asides are no substitute for proof and...duplication (see: <http://www.theyfly.com/newsletter/jan06/jan06.htm#skeptics>).

So, let's not be strangers, I'd be delighted to engage in a presentation/debate with any and all of your best opponents to the case. If you have any interest and/or ideas as to how to facilitate that, lemme know. That also goes for radio interviews, DJ, one of mine is linked from [www.theyfly.com](http://www.theyfly.com). (I'm a fan of Sam Harris, by the way.)

And remember, no answer is also a clear answer!

Best,

Michael Horn

**Here is just a sample of what the media is saying about Michael Horn:**

Even nationally syndicated conservative talk radio host Michael Medved had to admit "... Look, I'm intrigued by this because, again, some seemingly very bright people seem to believe this. Michael, I appreciate your spirit of openness and sharing all of this with us and your willingness to bring us all up to date on the Billy Meier controversy involving flying saucers and extraterrestrials."

- **Michael Medved** - National talk radio host

"... And that is without a doubt the best show that I think I've ever done on the Meier case. Actually, I didn't do it, I just hosted it. Michael Horn did it so he goes down as the best spokesman for Meier that I've ever had on."

- **Art Bell** - Coast to Coast AM (after interviewing Michael for four hours)  
500+ Radio Stations 5 million + Listeners - the largest late night talk show in North America

"Thanks very much! Our audience loves this topic."

- **Alan Colmes Show** - Fox News

"You're a fantastic guest!"

- **Ian Punnett** - Coast to Coast AM (after interviewing Michael for three hours)

And, typical of the effect that Michael is making nationwide, mainstream talk radio host Karen Grant summed it up perfectly "Michael is a phenomenal guest. Whether you are a skeptic or not, he brings information that is fascinating and keeps the audience glued to their radios. The responses I receive after he has been on my show have been overwhelming. The one guest you want to have when it comes to the Meier case and contacts in general."

- **Karen Grant** - National talk radio host

"Michael Horn, always a fascinating guest when he appears on Coast to Coast."

- **George Noory** - Talk radio host

Regarding Michael's presentation of the scientific proof for the Billy Meier UFO contacts, and the prophetic material (documented and published by Billy Meier in 1975, 1987 and 1995) that specifically gave advance warning of the destruction of the WTC, the upcoming attacks by the USA and the president, and other events unfolding right now...legendary, conservative talk show host Barry Farber said:

"... I didn't dream I could ever enjoy a discussion of this nature, but Michael, you amaze me. It's supremely enjoyable...If you can prove one of them...then you're gonna change the world. I'm sitting here as a fascinated listener and talk host having a good hour. But if you can prove that anything [like that] came down...then I'm telling you pal, you're wasting time on the Barry Farber Show. You can change the world... It was a delight! You handle skepticism well and kept things going briskly. I've already put your material in the "volcano" file" meaning hot guests who are welcome repeatedly on the show."

- **Barry Farber** - Talk radio host
