Subject: Hey, you're FaMaus!

Hi there Mr. Maus,

Weeeeeell, it looks like things are really spinning, mainly the counter on my site, especially from my appearance today on the Michael Medved program, where I gleefully directed the listeners to read all about your remarkable bumbling and blundering, immortalized now for all the world to see.

Oh yeah, that's in a new article on my site, right under the one with the new proof on the Meier case. Call me psychic if you wish but I sense a whole new career coming for the Mausmeister...and it sure ain't gonna be in any scientific field!

Hey, you have a great day.

Your simple, short, bald-headed buddy,

MH
